

GENERAL SERVICES COMMITTEE

with

Council Members Edinger, Evans & Miller November 27, 2017, 12:00 p.m. AGENDA

VISION STATEMENT

Our vision of Coeur d'Alene is of a beautiful, safe city that promotes a high quality of life and sound economy through excellence in government.

- 1. Three Year Agreement for Food Concession at Independence Point Bill Greenwood
- 2. Water Based Business Bill Greenwood
- 3. Skate Park Funding Bill Greenwood
- 4. Annual Road and Street Financial Report Troy Tymesen
- 5. Cooperative Agreement for Mutual Aid Assistance with Idaho Department of Lands (IDL) Kenny Gabriel
- 6. Complete Streets Ordinance Monte McCully

Library Community Room 702 Front Street

The City will make reasonable accommodations for anyone attending this meeting who require special assistance for hearing, physical or other impairments. Please contact Juanita Knight, the committee liaison at (208) 769-2348 at least three days in advance of the meeting date and time.

November 13, 2017

From: Bill Greenwood Park & Recreation Director

Subject: THREE YEAR AGREEMENT FOR FOOD CONCESSION AT INDEPENDENCE POINT

Decision Point: Extend food Concession agreement with Tiki-Hut for 2018, 2019 and 2020 season.

History: In 2009 we accepted RFQ's for food service at Independence Point. We chose the Tiki-Hut Proposal and entered into an agreement to provide food service for the 2009 season and we have chosen renew their contact every season since then. The staff of the Tiki-Hut does a good job of providing food service and information to park visitors.

Financial Analysis: The fee for the 2018 season will be \$6,083.68, to be paid before April 15, 2018; the 2019 fee will be \$6,199.027 to be paid before April 15, 2019 and the 2020 season fee will be \$6317.05 to be paid before Aril 15, 2020 with the payment being made to the City's Parks and Recreation Department.

Performance Analysis: The food vendor provides a service to the public that we do not provide. It is in a good location that is well known and visible to daily park visitors and new visitors. We received many comments from the park visitors that they were quite pleased with the vendor, the staff and the service. Tiki-Hut will have an outdoor bar-b-q again this season and they will be using a 22 foot trailer at the designed site.

Decision Point: Recommend to City Council to renew the agreement with Tiki-Hut for the 2018, 2019, and 2020 season.

Date: November 13, 2017

From: Bill Greenwood Parks & Recreation Director

SUBJECT: Water Based Business (Council Action Required)

DECISION POINT:

Does the Council want to create a new commercial off shore water based business opportunity within the City of Coeur d Alene's jurisdiction?

HISTORY:

Over the years we have had requests for additional commercial spaces within the waterfront corridor. Those requests have not come to fruition due to the lack of space available and creating conflicts with the general public and the current vendors.

FINANCIAL ANALYSIS:

There are no costs to the City of Coeur d Alene, if approved we would generate some revenue from this activity.

PERFORMANCE ANALYSIS:

At our commercial docks have nine bays with five different vendors utilizing the dock as well as one food vendor at Independence Point beach. Each of these business works within our jurisdiction and complies with regulations and stipulations of their lease agreement with us. The creation of a water base business would be difficult for us to manage as well as other departments to assist in that management given the nature and location of this type of business.

DECISION POINT / RECOMMENDATION:

Does the Council want to create a new commercial off shore water based business opportunity within the city's jurisdiction?

Date: November 20, 2017

From: Bill Greenwood Parks & Recreation Director

SUBJECT: Skate Park Funding (Council Action Required)

DECISION POINT:

Allocate funds from Parks Capital Improvement Fund to complete the funding shortfall to build the new skate park at the in Memorial Park and to accept ignite funding.

HISTORY:

The original skate park was constructed in the early 90's with upgrades and improvements throughout the years by the Skate Park Association and the City of Coeur d Alene. A new Skate Park was identified in the 2008 Parks Master Plan as well as the Four Corners BLM Master Plan as a need for this user group.

In our development plan for Memorial Park we identified funding for a new skate park. We worked with the skateboard community and created a conceptual plan to build a plaza style skate park for \$400,000. We acquired \$200,000 from Ignite and we then applied for a LWCF matching grant for the other \$200,000, but unfortunately we did not receive the grant.

FINANCIAL ANALYSIS:

Not receiving the grant was a disappointment to say the least, although we have other avenues to locate the needed funds. Ignite is willing to further partner with us to make up this shortfall, they are proposing to give us an additional \$150,000 and we would take \$50,000 from Parks Capital Improvement in order to build the new skate park.

PERFORMANCE ANALYSIS:

This is perfect use of Parks Capital Improvement Fund and this project helps to meet the needs of our CDA Stake Park Association and their user group of 875 skaters and another 500 BMX riders that will use this new facility.

DECISION POINT / RECOMMENDATION:

Allocate \$50,000 from Parks Capital Improvement Fund to complete the funding shortfall to build the new skate park at the in Memorial Park and to accept ignite funding.

CITY HALL, 710 E. MULLAN COEUR D'ALENE, IDAHO 83816-3964 208/769-2225 – FAX 208/769-2284

Finance Department Staff Report

Date: November 27, 2017

From: Troy Tymesen, Finance Director

Subject: Annual Road and Street Financial Report

DECISION POINT:

The Council is being asked to review and to approve the Annual Road and Street Financial Report for the fiscal year ending September 30, 2017.

HISTORY:

Idaho Code, Section 40-708, requires the certification of road fund receipts and disbursements be completed and sent to the Idaho State Controller by the 31st of December for the preceding fiscal budget year for cities, counties, and highway districts.

FINANCIAL ANALYSIS:

The certification and timeliness of this report is critical to the City receiving funding from the State's Highway User tax disbursement. The revenue received during fiscal year 2016-17 was \$2,300,118.

PERFORMANCE ANALYSIS:

The Annual Road and Street Financial Report is an accounting of the dollars used in maintaining, creating and improving the road network overseen by the City. This report is a collaborative effort with the Street Maintenance Department and the Finance Department.

DECISION POINT:

The Council is being asked to review and to approve the Annual Road and Street Financial Report for the fiscal year ending September 30, 2017.

City of Coeur d'Alene FIRE DEPARTMENT

"City of Excellence"

Staff Report

Date: November 21, 2017

From: Kenny Gabriel, Fire Chief

Re: Cooperative Agreement for Mutual Aid Assistance with Idaho Department of Lands

(IDL)

DECISION POINT: Should Mayor and Council allow the Fire Department to enter into a mutual aid agreement with IDL?

HISTORY: The City of Coeur d'Alene was the first City in the State to establish a Mutual Aid agreement with IDL. This was done to insure that we would have adequate resources available to combat a wildfire in and around the City. Since that time IDL has made agreements with many other Departments in the State to both give and receive mutual aid.

FINANCIAL ANALYSIS: There is no negative impact to the City. If we do go out of the area on a mutual aid fire with IDL we will be compensated for the response. Also, this agreement would have IDL pay for any support, such as planes and helicopter operations.

PERFORMANCE ANALYSIS: This agreement is very positive for the City. As stated it would ensure resources in the event of a wildfire in the City, such as air tankers, helicopters, earth moving machines, their equipment cache as well as their expertise.

DECISION POINT/RECOMMENDATION: Allow the Fire Department to enter into a Cooperative Agreement for Mutual Aid Assistance with IDL.

COOPERATIVE AGREEMENT – MUTUAL ASSISTANCE STATE OF IDAHO – STATE FORESTER

IDAHO DEPARTMENT OF LANDS

and

COEUR D'ALENE FIRE DEPARTMENT

This agreement, made in duplicate on September 20, 2017, by and between the STATE OF IDAHO, acting by and through the State Forester, Idaho Department of Lands with the approval of the State Land Board of Commissioners, hereinafter referred to as "STATE", and the **COEUR D'ALENE FIRE DEPARTMENT**, hereinafter referred to as "COOPERATOR".

RECITALS

WHEREAS, under the provisions of Title 38, Chapter 1, Idaho Forestry Act, Idaho Code, with particular reference to §38–104, the STATE is authorized to enter into cooperative agreements with any county, municipality, association or organization for the detection, prevention or suppression of forest fires, or whose function, desire and/or duty it is to protect any forest or range land from forest or range fires for the purpose of furnishing, operating and maintaining, a protective system for the detection, prevention and suppression of forest or range fires in forest protective districts; and, under the provisions of Idaho Code, Title 31 Chapter 14, Fire Districts, and Title 67, Chapter 23, Miscellaneous Provisions, with particular reference to §31-1417, §31-1430, and §67-2339, the COOPERATOR is authorized to enter into agreements for the purpose of carrying out its duties and obligations; and

WHEREAS, certain of the lands and properties for which STATE and COOPERATOR are independently responsible for the protection from fire are intermingled or adjacent and

WHEREAS, in order to provide more effective and prompt fire suppression on these lands mutual assistance and cooperation between STATE and COOPERATOR is desirable.

NOW, THEREFORE, the parties hereto, STATE and COOPERATOR, do hereby agree as follows:

ARTICLE I

DEFINITIONS FOR AGREEMENT

1.01 Controlled

The completion of a control line around a fire, any spot fires therefrom, and any interior islands to be saved; burned out any unburned area adjacent to the fire side of the control lines; and cool down all hot spots that are immediate threats to the control line, until the lines can reasonably be expected to hold under the foreseeable conditions.

1.02 Containment

The status of a wildfire suppression action signifying that a control line has been completed around the fire, and any associated spot fires, which can reasonably be expected to stop the fire's spread.

1.03 Initial Attack

Initial fire suppression response actions taken by the first resources to arrive at a wildfire provided by a fire protection agency for the purposes of engaging in the suppression and/or control of a fire. Initial actions may be size up, patrolling, monitoring, holding action, or aggressive Initial Attack. The kind and number of resources responding to Initial Attack vary depending upon fire danger, fuel type, values to be protected, and other factors. Generally, Initial Attack involves a small number of resources, and incident size is small.

1.04 Jurisdiction

The range or sphere of authority related to fire protection agency's legal responsibilities and authority for incident mitigation as established in Idaho Law in conjunction with the procurement of fire protection services from the fire protection agency through its cooperative agreements, contracts, membership fees, tax levies or assessments intended to fund or provide for fire protection services. For Idaho Department of Lands, wildland fire protections services are provided to landowners who pay a Forest Fire Patrol Assessment as per §38-111, Idaho Code.

1.05 Protection Area

An area protected from fire by STATE and COOPERATOR as designated on maps described in ARTICLE II of this agreement.

1.06 Protecting Agency

The party having jurisdiction is responsible for fire suppression within a protection area.

1.07 Firefighting Facilities

The physical equipment, of each protecting agency, used for the suppression of fire.

1.08 Personnel

The persons designated by each protecting agency to take part in fire suppression activities.

ARTICLE II

PROTECTION AREA

2.01 STATE Protection Area

The Protection Area of STATE shall be indicated on the map labeled Exhibit "A", attached hereto and by this reference made a part hereof.

2.02 COOPERATOR Protection Area

The Protection Area of COOPERATOR shall be indicated on the map labeled Exhibit "B", attached hereto and by this reference made a part hereof.

ARTICLE III

MUTUAL ASSISTANCE

3.01 Cooperation

STATE and COOPERATOR agree to furnish Personnel and Firefighting Facilities to each other to aid in suppression of fires. The Protecting Agency furnishing assistance reserves the right to send Personnel and Firefighting Facilities reasonably available in the judgement of the individual in charge. It is further understood that STATE will be expected to have manpower and equipment available only during closed forest fire season.

3.02 Initial Attack Action

If a fire occurs on or near a mutual boundary, both STATE and COOPERATOR shall promptly send Personnel and firefighting equipment available to start fire control action unless it is mutually understood that only one Protecting Agency will promptly supply the control action.

3.03 Notification

Employees of one Protecting Agency discovering or receiving reports of fires on or threatening lands within the Protection Area of the other Protecting Agency shall report the fires promptly to the responsible Protecting Agency.

3.04 Incident Qualifications

STATE and COOPERATOR recognize each Protecting Agency's professional incident qualification standards as acceptable to their own professional incident qualification standards for the purposes of engaging in cooperative fire suppression actions of mutual benefit. Under this agreement, recognition of Incident Qualifications applies to the Protection Agencies engaged in cooperative initial attack fire suppression actions or situations where both agencies maintain jurisdiction for fire suppression within a common Protection Area.

3.05 Fire Investigation

The STATE and COOPERATOR will protect the origin area of any fire to the best of its ability. The STATE and COOPERATOR will participate in a joint investigation when a fire originates on a Protection Area where each Protecting Agency maintains jurisdiction in fire suppression. The STATE reserves the right to investigate fires originating on, spreading to, or threatening land subject to Forest Fire Protection Assessment.

3.06 Reimbursement

Each Protecting Agency shall assume its own costs incurred under Paragraph 3.01 and 3.02 while engaged in initial attack response not to exceed 24 hours or until containment of the fire achieved, herein, unless reimbursement has been mutually agreed upon in advance and documented by both officers in charge. When reimbursement is in order, payment for Personnel and Firefighting Facilities furnished shall be at the prevailing firefighting equipment and wage rates. When using STATE facilities, the firefighting rate schedule established by the State Forester shall be used. When using COOPERATOR facilities, the rate schedule as established by the Idaho Fire Service Organization Rate Book will be used. Payment and billing procedures will follow the billing protocols as outlined in the Fire Service Organization Rate Book.

3.07 Invoice Timeframe

Reimbursement of costs must be invoiced within sixty (60) business days of the last date of incurred expense for the incident.

ARTICLE IV

SUPERVISON

4.01 Regular Procedure

Each Protecting Agency is responsible for assuming direction of action on fires within its Protection Area. Initial action taken by the assisting agency, prior to the arrival of the responsible agency, shall be under the supervision of the assisting agency only until the arrival of the responsible agency unless other arrangements are made in advance.

4.02 Joint Procedure

Each Protecting Agency is responsible for assuming direction of action on fires within its Protection Area. During situations where both agencies maintain jurisdiction for fire suppression within a common Protection Area, initial action will be taken by both agencies and unified command shall be established between the protection agencies for incident supervision purposes.

4.03 Change in Procedures

Whenever it appears advantageous to establish a different procedure for supervision of fire control action, the Protecting Agencies may do so by mutual agreement and documented by both officers in charge. At all other times, the procedures set forth in Paragraphs 4.01 and 4.02, herein, shall be in effect.

ARTICLE V

PREPARDENESS AND PREVENTION

5.01 Training

STATE and COOPERATOR may engage and participate in integrated training activities and exercises to improve fire response coordination and fire suppression effectiveness. Unless mutually agreed upon in advance, each Protecting Agency shall assume its own costs when engaged in cooperative training activities and exercises.

5.02 Radio Frequencies

STATE and COOPERATOR may share radio frequencies and communication facilities for the purposes of providing a coordinated fire suppression response.

5.03 Burn Permits

STATE will manage a self-serve, online Burn Permit system – http://burnpermits.idaho.gov. COOPERATOR will provide STATE input when burning should be restricted within the COOPERATOR Protection Area. Upon mutual agreement, COOPERATOR may be granted access to the Burn Permit system for the purposes of supporting the administration of the COOPERATOR's fire prevention program within the COOPERATOR's Protection Area.

5.04 Operations Plan

....

STATE and COOPERATOR are encouraged to mutually develop Operations Plans that provide principles, business direction, and guidance in the conduct of cooperative fire control operations. The Operations Plan shall be reviewed annually, and revised as necessary to achieve mutual cooperation and understanding within the framework established under this agreement.

5.05 Fire Prevention

STATE and COOPERATOR may engage and participate in cooperative fire prevention activities and projects of mutual benefit for the purposes of advancing public education and awareness of human caused fires and associated fire prevention mitigation practices. Unless mutually agreed upon in advance, each Protecting Agency engaged in cooperative fire prevention activities or projects will assume its own costs for Firefighting Facilities and Personnel provided to support these activities.

ARTICLE VI

STATEWIDE MOBILIZATION

6.01 STATE Request For Assistance

STATE shall be the single hiring point for Firefighting Facilities and Personnel provided by the COOPERATOR for the purposes of providing fire suppression assistance on wildland incidents where the COOPERATOR maintains no jurisdictional responsibility for fire suppression.

6.02 Procurement

The Idaho Fire Service Organization Rate Book shall be used by STATE for the purposes of procuring COOPERATOR provided resources in response to COOPERATOR's acceptance of a STATE Request for Assistance.

6.03 Equipment Standards and Incident Qualifications

Firefighting Equipment and Personnel provided by the COOPERATOR shall meet the minimum equipment specifications and incident qualification standards as established in the Idaho Fire Service Organization Rate Book.

ARTICLE VII

LIMITATIONS – RESPONSIBILITES

7.01 Limitations

In no event shall either party to this agreement be bound beyond its lawful authority and appropriations available.

7.02 Liabilities

Neither Protecting Agency shall be liable to the other Protecting Agency for any loss or damage.

7.03 Laws and Regulations

Each party hereto agrees to comply with all federal, state, and local laws, rules and regulations pertaining to this agreement including, but not limited to, industrial accident and workman's compensation laws of the State of Idaho.

7.04 Hold Harmless

Unless otherwise limited or prohibited by law (including I.C. §§ 59-1015 through 59-1017, and subject to and in accordance with the Idaho Tort Claims Act, I.C. § 6-901 et seq.), each party agrees to save and hold the other harmless from any claim, liability or damage resulting from any error, omission, or act of negligence by the indemnifying party, its officers, employees or agents in the performance of its responsibilities under this Agreement.

ARTICLE VIII

DURATION-TERMINATION

8.01 Duration

This agreement shall remain in effect for five years, effective from date of signatures, unless mutually agreed by the parties to extend this agreement. This agreement shall remain in continuous effect until termination pursuant to Paragraph 8.02 herein.

8.02 <u>Termination</u>

This agreement may be terminated at any time by mutual consent of the parties or by one party giving written notice to the other party not less than thirty (30) days prior to effective date of termination.

IN WITNESS WHEREOF, the parties have executed this agreement on the date first hereinabove stated.

From: Monte McCully, Trails Coordinator

SUBJECT: COMPLETE STREETS ORDINANCE(action required)

DECISION POINT:

The Coeur d'Alene Ped/Bike Advisory Committee is requesting General Services recommend to Council the adoption of a Complete Streets Ordinance.

HISTORY:

A Complete Streets policy was adopted by the City of Coeur d'Alene back in 2009. Complete Streets is a nationally recognized movement in which communities are asking their planners, engineers and designers to build road networks that can be used by all modes of transportation. In the past, roads were designed for motorized vehicles only and access for other types of use were added as an afterthought. The idea behind Complete Streets is to include planning for all forms of travel during the planning of every street. In its current form as a policy there are several weaknesses. The inclusion of additional facilities is at the whim of whoever is the City Engineer at that time. We have been fortunate to have engineers that are very conscious of all modes of transportation, but that may not always be the case. This policy makes any decision to exclude multi-modal transportation a decision that must be ratified by at least 2 of the following: City Engineer, City Council, Planning and Zoning Commission, or Community Planning Director.

FINANCIAL ANALYSIS:

There would be no cost at this time. Upon construction of each new street the cost would be minimal. When included in planning the cost is nearly negligible. Much cheaper than retro-fitting streets when need becomes apparent in later years. A Complete Streets Ordinance also furthers our goal of making Coeur d'Alene a gold level Bicycle Friendly Community.

PERFORMANCE ANALYSIS:

Adopting a Complete Streets ordinance will strengthen our standards when building streets that will benefit all users: cars, bikes, pedestrians, disabled people, elderly, children and transit.

DECISION POINT/ RECOMMENDATION

The Coeur d'Alene Ped/Bike Advisory Committee is requesting Public Works Committee recommend to Council the adoption of a Complete Streets Ordinance (Ordinance Attached).

AN ORDINANCE AMENDING THE MUNICIPAL CODE OF THE CITY OF COEUR D'ALENE, KOOTENAI COUNTY, IDAHO, ADDING A NEW CHAPTER 10.03, COMPLETE STREETS, TO THE COEUR D'ALENE MUNICIPAL CODE; PROVIDING FOR THE REPEAL OF CONFLICTING ORDINANCES; PROVIDING FOR SEVERABILITY; PROVIDING FOR THE PUBLICATION OF A SUMMARY; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, upon recommendation of the Pedestrian and Bicycle Advisory Committee, it is deemed by the Mayor and City Council to be in the best interests of the City of Coeur d'Alene that said Chapter be adopted;

NOW, THEREFORE,

BE IT ORDAINED by the Mayor and City Council of the City of Coeur d'Alene:

SECTION 1. That a new Chapter 10.03, Complete Streets, be added to the Coeur d'Alene Municipal Code as follows:

CHAPTER 10.03 COMPLETE STREETS

10.03.010: PURPOSE; VISION:

The purpose of this Chapter is to increase opportunities for use of the City's roadways; reduce negative environmental impacts; reduce one of the casual (CO2 emissions) agents of Climate Change; support a vibrant community beneficial to local business; promote healthy living, economic development, and tourism; advance the wellbeing of travelers; support the goal of compact development; and meet the needs of the diverse populations that comprise our community.

The vision of the City is of a community in which all residents and visitors, regardless of their age, ability, or financial resources, can safely and efficiently use the public rights-of-way to meet the transportation needs of their chosen mode of travel.

10.03.020: DEFINITIONS:

A. <u>City</u> – means the legal environs of the municipality designated "Coeur d'Alene, Idaho."

- B. <u>Complete Streets</u> means the Public Transportation corridors and networks that are scoped, planned, designed, built, operated, and maintained to enable safe access by all users.
- C. <u>Wayfinding</u> means all of the ways in which people and animals orient themselves in physical space, and navigate from place to place.

10.03.030: STATEMENT OF POLICY:

- A. The City will plan for, design, construct, operate, and maintain an appropriate and integrated transportation system that will meet the needs of motorists, pedestrians, bicyclists, wheelchair users, transit vehicles and riders, freight haulers, emergency responders, and residents of all ages and abilities.
- B. Transportation facilities that support the concept of Complete Streets include, but are not limited to, pavement markings and signs; street and sidewalk lighting; sidewalk and pedestrian safety improvements; features consistent with Americans with Disabilities Act and Title VI compliance; bicycle accommodations including bike lanes, bike infrastructure, and appropriate signage and markings; and, as appropriate, streetscapes that appeal to and promote pedestrian use.
- C. The system's design will be consistent with and supportive of local neighborhoods, recognizing that transportation needs vary and must be balanced in a flexible, safe, and cost effective manner.

10.03.040: PLANNING:

Those involved in the planning and design of projects within the public right-of-way will give consideration to all users and modes of travel from the start of planning and design work. Transportation improvements shall be viewed as opportunities to create safer, more accessible streets for all users. This policy shall apply to new construction, reconstruction, and rehabilitation projects.

10.03.050: EXCEPTIONS:

Exceptions to this policy may be granted by agreement of at least two (2) of the following, in consultation with the Pedestrian and Bicycle Advisory Committee: City Engineer, City Council, Planning and Zoning Commission, or Community Planning Director, under one or more of the following circumstances:

A. Street projects may exclude those elements of this policy that would require the accommodation of street uses prohibited by law;

- B. Street reconstruction projects and maintenance paving projects which involve widening pavement may exclude elements of this policy when the accommodation of a specific use is expected to:
 - 1. Require more space than is physically available; or
 - 2. Be located where both current and projected future demand is demonstrably absent; or
 - 3. Adversely change the cost benefit ratio and equivalent alternatives exist within close proximity; or
 - 4. Have litigated adverse impacts on environmental resources such as streams, wetlands, floodplains, or historic structures or sites above and beyond the impacts of currently existing infrastructure; or
 - 5. The cost would be disproportionate to the current needs or probable future use.
- C. Street projects may exclude the development of sidewalks in areas falling outside those identified as appropriate for sidewalks on the basis of an adopted sidewalk policy.

10.03.060: INTERGOVERNMENTAL COOPERATION:

- A. The City will cooperate with other transportation agencies including the Idaho Transportation Department and Kootenai Metropolitan Planning Organization to confirm that the principles and practices of Complete Streets are embedded within their planning, design, construction, and maintenance activities, when these activities have a direst impact on the City's ability to enact Complete Streets policies.
- B. The City will specifically cooperate to confirm that the transportation network flows seamlessly, for all modes, between jurisdictions in accordance with local and regional road, transit, bicycle, and pedestrian plans.

10.03.070: DESIGN CRITERIA:

A. The City, through the Streets & Engineering Department, shall maintain design criteria, standards, and guidelines based upon recognized best practices in street design, construction, and operation.

- B. To the greatest extent feasible, the City shall adopt the same standards with particular emphasis on pedestrian and bicycle markings, and Wayfinding signage.
- C. Resources to be referenced in developing these standards shall include, but not necessarily be limited to, the latest editions of:
 - 1. American Association of State Highway Transportation Officials (AASHTO) Policy on Geometric Design of Highways and Streets;
 - 2. AASHTO Guide to the Development of Bicycle Facilities;
 - 3. Idaho Transportation Department Roadway Design Manuals;
 - 4. Institute of Transportation Engineers (Designing Walkable Urban Thoroughfares)
 - 5. National Association of City Transportation Officials (Urban Parkway Design Guide, Urban Street Design Guide, Transit Street Design Guide); and
 - 6. Manual on Uniform Traffic Control Devices.

10.03.080: COMMUNITY CONTEXT:

- A. Implementation of this policy shall take into account the goal of enhancing the context and character of the surrounding built and natural environments.
- B. Appropriate attention should be given to projects which enhance the overall transportation system and its connectivity for access to parks or recreation areas, schools, shopping/commercial areas, public transportation, employment centers, existing pedestrian or bicycle networks, or regional bicycle pedestrian plans prepared by associated groups such as Kootenai County.

10.03.090: PERFORMANCE:

The City Engineer, or designee, shall report to the Pedestrian and Bicycle Advisory Committee and City Council on an annual basis regarding the transportation projects undertaken within the prior year and planned for the coming six-year period, and the extent to which any of these projects has met or will meet the objectives of this policy.

10.03.100: IMPLEMENTATION:

A. This policy will be primarily implemented through developing bike and pedestrian network plans within the City in conjunction with Kootenai County's regional plans.

- B. These plans should specify the type and location of improvements, and should be implemented as funding becomes available.
- C. Special emphasis shall be placed on those elements of these plans that can be accomplished with little additional expense, such as providing bike lanes where existing pavement is adequate or where road shoulders are sufficient to allow for safe bicycle use.

SECTION 2. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

SECTION 3. The provisions of this ordinance are severable and if any provision, clause, sentence, subsection, word or part thereof is held illegal, invalid, or unconstitutional or inapplicable to any person or circumstance, such illegality, invalidity or unconstitutionality or inapplicability shall not affect or impair any of the remaining provisions, clauses, sentences, subsections, words or parts of this ordinance or their application to other persons or circumstances. It is hereby declared to be the legislative intent that this ordinance would have been adopted if such illegal, invalid or unconstitutional provision, clause sentence, subsection, word, or part had not been included therein.

SECTION 4. After its passage and adoption, a summary of this Ordinance, under the provisions of the Idaho Code, shall be published once in the official newspaper of the City of Coeur d'Alene, and upon such publication shall be in full force and effect.
