

The City of Coeur d'Alene Water Department has teamed up with the NIC Workforce Training Center. City residential customers who live in their home and who take the "Landscaping with Native Plants" class at NIC can receive a utility bill credit for the cost of the class and the workbook.

It's simple! Just follow these steps:

1. Sign up and pay for the class through NIC.
2. When the class is complete make sure you get a "certificate of completion" from the instructor.
3. If you purchase the workbook for the class please get a receipt for that purchase as well.
4. Fill out the form below, attach a copy of the "certificate of completion" and receipt for the handbook and send it to the Coeur d'Alene Water Department @ 3820 Ramsey Road, Coeur d'Alene, Idaho, 83815. Upon approval, your utility account will be credited the full cost of the class and workbook (if you purchased one).

#### Class Description

Native plants are increasingly used for gardening, landscaping, and restoring native plant communities. They are best adapted to the local climate. Once established, they seldom need watering, mulching, protection from frost, or continuous mowing. They provide natural beauty, cost-effective landscaping alternatives, environmental services, and habitat for wildlife. Learn how to effectively use native plants in your landscape design. Optional reference manual will be available for purchase in second class meeting (\$25). **The City of Post Falls and the City of Coeur d'Alene may provide utility bill credit equal to the cost of course fees and reference manuals for customers who complete this class.** Check websites of local participating water providers or call your water department for additional information.

Tuesday, 6:30 PM - 8:30 PM; 2 sessions starting October 13, 2009, ending October 20, 2009
