

**MEMORANDUM**

DATE: DECEMBER 6, 2022

FROM: RENATA MCLEOD, MUNICIPAL SERVICES DIRECTOR/CITY CLERK

RE: FEE INCREASES

---

**DECISION POINT:** To approve fee amendment as proposed within the Building, Finance, Legal, Library, Municipal Services, Parks and Recreation, Planning, Police, and Water Departments.

**HISTORY:** The City is required to hold a public hearing for proposed fees in excess of five percent (5%) pursuant to Idaho Code 63-1311A. While some of the fees listed below are less than 5%, simply being clarified, and/or removed, which is not required to be included in the public hearing, it is staff’s desire to keep all changes together for ease of tracking all changes. The following is an explanation of the changes for each department and the proposed fees. *Please note that crossed out items are being deleted while underlined items are the proposed fees and text.*

**BUILDING:** The Building Department proposes several fee increases and a valuation chart adoption as provided by the International Code Council. This valuation chart is used by several area cities including Post Falls, Rathdrum and Hayden. Mr. Lantzy presented these fee amendments to the North Idaho Building Contractor’s Association on November 15, 2022 and there was no opposition.

**FINANCE:** The Finance Department proposes a 5% increase in the street light fee, which equals a \$0.16 increase for 2023 and 2024. The fees are being increased to cover increased costs in electrical and repairs. Additionally, the garbage rates categories need to be organized in

accordance to the Contract with CDA Garbage, which means a full repeal of the old chart (attached) to be replaced with the proposed chart below; fees will remain the same.

**WATER DEPARTMENT:** The Water Department proposes an increase for the call out water services/tag fees by 5% due to associated cost including employee's time, equipment, and fuel costs. Bulk water use fees should be increased to cover the increased costs and have not been increased in over 5 years. Additionally, they are proposing an increased amount to help accommodate the pumping cost and wear and tear of the infrastructure used to supply the bulk water stations to keep them in good working order. Water Radio read set up fee (MXU) is proposed to increase 5% due to the cost of time and materials to shoot the location

(GPS/Mapping) and any parts needed to make sure the equipment is in good working order/communicating with our radio read equipment.
