

Fire Hydrant Design Contest

Our fire hydrants need a face lift and we need help from the citizens of Coeur d'Alene! You are invited to submit a fire hydrant design now until November 30th. In December, two winners will be announced. Each winner will get to paint their design on our hydrants which will be displayed outside of our headquarters downtown.

TO ENTER: Use the art tools of your choice to design your custom fire hydrant. Email your design to cdafire@cdaid.org, or mail/drop off at CDA Fire Headquarters, 300 E. Foster Ave. Please include name of designer and contact information (name & phone number of parent/guardian is needed for youth under 16).

Good luck!
