

COEUR D'ALENE CITY LICENSED TREE SERVICES

All work done on street trees in the public right-of-way must, by Law, be performed by a city-licensed tree service. This is to protect you, as well as the tree. Violators can be cited for up to \$1,000 misdemeanor fine, plus the value of the tree. Trees can be valued in the 10s of thousands of dollars. These fines can be applied to the tree service doing the work as well.

A permit is required before doing any tree work within the public right-of-way in the City of Coeur d'Alene.

Apply for a free permit on the city website or call (208) 292-5766.
