Purpose of the PIT Count

- Identify sheltered and unsheltered homeless persons and families
- Provide an unduplicated count of sheltered and unsheltered homeless persons
- Provide information to help secure resources for homeless services
- Raise public awareness of homelessness in our communities

PIT count does not:

- Provide total annual data count
- Provide detailed client information
- Report on services provided
Point-in-Time Count Methodology

- Actual count and not a sampling or an estimate
- Count reflects a one-night count on Wednesday January 25th
- Count conducted by the regional HCN’s and IHFA
- Methods used include shelter surveys, street and known location counts and service based surveys
- Information is entered, compiled and validated in HMIS to produce unduplicated counts and reports
Definition of Homeless

- **Unsheltered homeless** – reside in places not meant for human habitation such as cars, parks, on the street, abandoned buildings, rest areas and campgrounds, warming centers and encampments.

- **Sheltered homeless** – reside in an emergency shelter, transitional housing or supportive housing for the formerly homeless.

- This definition of homeless does not include the “Precariously Housed” - persons staying with friends or family, in a hotel/motel, treatment facility or in jail at the time of the count.
